

**Stephenson County****Civil Engineer II/III**

Stephenson County, IL is seeking qualified candidates for the position of Civil Engineer II/III. Applicants must have a Bachelor's of Science Degree in Civil Engineering from an accredited college or university. Strong communication skills plus computer literacy in AutoCAD, GIS, word processing and spreadsheets is necessary. The position is responsible for a variety of duties including design, construction layout and inspection, maintenance operation, utility coordination for construction and maintenance projects, surveying, bridge inspection and material testing. Prior work experience in highway design and construction inspection is preferred but not necessary. Candidate should be a licensed Professional Engineer in the State of Illinois, or have the ability to become licensed within 2 years of employment. Applicants are required to have a valid Illinois driver's license. Excellent benefits provided including group medical and retirement. Salary is commensurate upon experience and qualifications.

To apply, please submit cover letter, résumé (including three references) and a copy of Professional Engineer license to the address or email below. Applications will be accepted until the position is filled.

Position will be open April 2017.

Stephenson County is an Equal Opportunity Employer.
